TEACHABLE

04

Being humble enough to recognize that you don't have all the answers, and being open to learning from others and their life experiences.

“Why waste time proving over and over how great you are, when you could be getting better? Why hide deficiencies instead of overcoming them? Why look for friends or partners who will just shore up your self-esteem instead of ones who will also challenge you to grow? And why seek out the tried and true, instead of experiences that will stretch you? The passion for stretching yourself and sticking to it, even (or especially) when it’s not going well, is the hallmark of the growth mindset. This is the mindset that allows people to thrive during some of the most challenging times in their lives.”

Carol Dweck, “Mindset- The Psychology of Success”

“Iron sharpens iron, and one man sharpens another.”
